However, a responsible person must be appointed for each family). 2 During the off-season (generally from late October to mid-April of the following year), the Park may accommodate full-area reservations according to the following classifications. The fee will be estimated based on the content of use.

- ① Kurinoki Area
- ② Honoki Area
- ③ Entire Area

(Adjustment of Educational Group Use Area and Prior Consultation)

Article 6 When the Park receives an application from an Educational Group, it will adjust the use area according to the planned number of users as follows: (1) If an application is received from an Educational Group of 250 or more people, the Park will accommodate the request for a full-area reservation. (2) If a reservation is received from an Educational Group of 100 to less than 250 people, the Park may adjust the accommodation area and accept other Educational Groups. (3) If a reservation is received from an Educational Group of less than 100 people, the Park may adjust the use area and accept General Groups or individual guests. 2 When multiple groups use the facility on the same day, to avoid overlapping facility usage times, the using groups must consult with the Park in advance regarding the facility use plan and adjust the

times. 3 If the spirit of mutual assistance is not observed in the time adjustment of the preceding paragraph, the Park may mediate and then arbitrarily adjust the time using its management authority or refuse the use of the facility. 4 If a group attempts to execute a use plan without following the proper procedures and without the approval of the Park staff, the Park shall bear no responsibility for the realization and safety of the content.

(User' s Cancellation or Partial Cancellation of Contract)

Article 7 The User may cancel the facility use agreement by notifying the Park. 2 Educational Group Users and General Group Users with a plan based on the number of people shall pay the Park a cancellation fee specified in Appendix 2 and Appendix 3 if the entire contract is canceled due to reasons attributable to the User. 3 If the User partially cancels the contract, such as a reduction in the number of reserved people or reserved buildings, due to reasons attributable to the User, the User shall pay the cancellation fee specified in Appendix 3. 4 If the User does not arrive by 6:00 PM on the day of use without contacting the Park, the Park may treat the facility use agreement as having been canceled by the User. In this case, the cancellation fee shall be the full amount. 5 The User may make a low-cost cancellation as per Appendix 5, notwithstanding the cancellation fee provisions above, only if the occurrence of a natural disaster is clearly warned by the Japan Meteorological Agency during their stay at the Park or while traveling to or from the Park, and there is a sufficient risk of harm to the User.

(Park' s Right to Cancel Contract)

Article 8 The Park may cancel the facility use agreement in the following cases: (1) When the User falls under any of Article 4, Items 4 to 10. (2) When the User violates the prohibited matters stipulated in Article 18 or does not comply with the usage rules set by the Park. 2 The Park may request the User to change the schedule or cancel the contract if the facility use is hindered by a natural disaster, an order from a public office, or other circumstances beyond the Park' s control.

(Registration of Facility Use)

Article 9 The User shall fill out and submit the “Facility Use Form” (accommodation card, basic group ledger, etc.) at the Park’s reception office on the day of use. In addition, each group or family shall submit a “Chaperone Consent Form” or “User Consent Form.”

(However, the available time for accommodation buildings is as stated in the price list.) 2 Notwithstanding the provisions of the preceding paragraph, the User may be able to purchase an extension option for the stay time by applying to the Park in advance. (However, even in this case, the accommodation buildings are subject to the price list.) 3 The Park shall bear no responsibility for accidents or troubles that occur during the time a User stays without purchasing an extension option when such an option should have been purchased.

However, for General Groups and Educational Groups recognized by the Park, payment may be made within 30 days after facility use. 3 Even if the User voluntarily does not use the facility after the Park has provided the facility and made it available for use, the usage fee will still be incurred.

(Park' s Responsibility)

Article 13 If the Park causes damage to the User due to intent or negligence in the performance of the facility use agreement and related contracts, the Park shall compensate for the damage. However, the compensation amount for the damage shall be covered within the scope of the liability insurance joined by the Park. 2 The Park shall bear no responsibility for theft, damage, or personal accidents within the Park' s facilities, except in cases of facility management deficiency. 3 The Park provides the use of accommodation and ancillary facilities, and the Park shall bear no responsibility for damage caused by the natural environment other than the facilities managed by the Park (man-made structures) (including damage caused by creatures entering the building), and damage caused by sudden weather changes, lightning, wind, or flood damage. 4 If the Park is liable for damages under Paragraph 1, the maximum amount of compensation shall be the scope of the insurance payment based on the Park' s liability insurance policy and the condolence money according to the following categories:

(Handling of Deposits)

Article 14 In principle, the Park cannot take custody of the User' s goods, food, cash, and valuables. However, the Park will provide empty space only if specially agreed upon by the Park. The Park shall bear no responsibility for any loss, theft, or destruction of the deposited items.

(Storage of Personal Belongings)

Article 15 If the User' s baggage or personal belongings are left behind at the Park and the owner is identified, the Park shall contact the owner (or the responsible chaperone) and ask for instructions. However, if instructions from the owner cannot be obtained or the owner cannot be identified, the items will be stored for 7 days, including the day of discovery, and then disposed of. However, items generally considered valuables will be delivered to the nearest police station.

(Use and Responsibility of the Parking Lot)

Article 16 The Park provides free parking only to paying Users of the Park' s facilities. However, when the User uses the Park' s parking lot, regardless of whether the vehicle key is deposited, the Park is only lending the space and does not assume responsibility for the management of the vehicle. 2 The Park is not responsible for troubles in the parking lot, vehicle soiling, or damage caused by falling branches, etc., so please handle them yourself. 3 Users are not permitted to drive vehicles into the accommodation area without permission. 4 Sleeping in the car is, in principle, prohibited, and the User will be asked to leave the Park grounds. However, in some

circumstances, the Park may accept it, so please consult the front desk in advance. Unauthorized parking is prohibited. 5 Users must drive slowly at 8 km/h or less within the Park, including the parking lot, to protect the safety of pedestrians.

(User' s Responsibility)

Article 17 If the Park suffers damage due to the User' s intent or negligence, the User shall compensate for the damage.

(Prohibited Matters)

Article 18 Users must not engage in the following acts: (1) Open fires (the act of making a fire directly on the ground surface) are prohibited within the Park facilities. (2) Damaging trees or indiscriminately collecting plants is prohibited. If a broken branch or tree is present, please notify the staff immediately without approaching the dangerous area. (3) The surrounding woods, forests, and farmlands, including the campsite, are private property, so do not enter without permission. Do not touch or damage agricultural equipment, etc. (4) Entry into other Users' accommodation buildings is prohibited. (5) Taking rental items or on-site equipment outside the premises is prohibited. (6) Acts requiring a fireworks notification, such as launching large fireworks, are prohibited in principle. If a group plans these acts for an event, they must adjust the launch plan with the Park' s front desk staff and obtain appropriate permission based on the Fire Service Act. The group organizing the event must handle the notification to the relevant government office themselves. The Park will not act as a proxy. (7) Using the engine for power, generators (excluding silent battery-powered types), or karaoke is prohibited on the premises. (8) Camping or barbecuing in areas other than designated areas is prohibited. (9) Using charcoal fire on the provided tables is prohibited. (10) Bringing in bulky waste or disposing of equipment is prohibited. Please take Styrofoam, etc., with you. However, items purchased at the Park that can be disposed of according to the Gujo City classification method will be collected at the garbage collection point. (11) Entry by Boryokudan associates is prohibited. Please be considerate, as the Park is a facility intended for the sound development of youth. (12) Acts that violate laws and regulations, public order, or good morals in connection with the use are prohibited. (13) In addition to the preceding items, acts that cause annoyance to other Users or are likely to cause annoyance are prohibited.

(User Manners)

Article 19 Users must comply with the following usage manners:

[Regarding the Use of Accommodation Facilities]

1. Do not monopolize shared facilities, except when the entire facility is reserved by a group.
2. Refrain from driving pegs or digging holes or trenches on the premises.
3. Refrain from setting up tarps, etc., in a way that causes annoyance to other guests.
4. Upon check-out, please check and dispose of garbage around the bungalow or mountain lodge and the facilities used.
5. Please return the key and sheets provided at check-out.
6. If glass is broken or the interior is soiled, please contact the front desk. You will be responsible for the repair and cleaning costs.
7. Refrain from making inquiries from the premises using a mobile phone, except in emergencies. We apologize for the inconvenience, but please come to the front desk.
8. The Park cannot be held responsible for theft, quarrels between Users, or accidents on the premises, so please handle them yourselves.

[Advance Carry-in for Group Use]

1. Advance carry-in is, in principle, prohibited. If you carry in and leave luggage in the mountain lodge (especially the refrigerator) or bungalow before the check-in time of 1:00 PM, it may cause unexpected trouble. Even if the door is unlocked for cleaning before the check-in time, there are frequent cases of trouble, such as a previous User returning to retrieve a forgotten item and mistakenly taking the group's luggage, or cleaning staff deeming the item forgotten and disposing of it after the previous User confirms it is not theirs. Please carry in your luggage only after checking in at the front desk and receiving the key after 1:00 PM.

[Precautions for Inclement Weather]

1. Walking outdoors during strong wind and rain is dangerous. Even if a standing tree looks sturdy, an unexpected branch may fall due to a gust of wind and hit a person or object. Please act cautiously based on your own judgment during strong winds. Also, please take safety precautions, such as flexibly taking down tarps and outdoor installations that you have set up, for the safety of other Users.
2. The Park cannot forecast or be held responsible for the risk of lightning strikes, so please use your own judgment. Note that the Fire Dome is equipped with a lightning rod. Therefore, there is a risk of lightning attraction, so please stay well away from the dome walls and take safety measures when evacuating.
3. Do not approach rivers or valleys during flooding.

[Handling of Fire and Fireworks]

1. Cooking should be done in front of the bungalow or in the shared cooking area. Only cassette stoves may be used for fire on the bungalow terrace tables. If the table is scorched, you will be charged a corresponding compensation fee (there have been cases where the cost is high because natural wood single-piece boards are used), so please be careful. Especially with charcoal fire, the bottom can become unexpectedly hot regardless of the equipment used, and there have been cases where the table carbonizes.
2. Fireworks are allowed until 8:30 PM, and the usage time for each plaza is until 9:00 PM. The only places where aerial and launching fireworks are permitted are Kurinoki Plaza and Lawn Plaza. Sparklers are permitted in front of the bungalows. Please be careful not to annoy other Users.

[Regarding Pets]

1. Pets are not allowed inside the buildings. This can cause allergies in subsequent Users or lead to complaints due to residual odors, causing annoyance.
2. Please manage your pets with a cage or leash so that they do not pose a threat to other Users.

[Regarding Intimidation, Harassment, Annoyance, and Dangerous Behavior]

1. Users with tattoos should ensure they are not exposed.
2. Nudity or semi-nudity is prohibited on the premises.
3. Ball games are prohibited on the premises. For other play equipment brought in, please avoid acts that cause annoyance to other guests.
4. Refrain from using music players or musical instruments at a volume that causes annoyance to other guests.
5. Operating or flying unmanned aircraft such as drones is prohibited as it may pose a danger to Users. (Excluding use in events notified in advance.)
6. If undesirable behavior occurs for safety management or facility management reasons, you may be asked to leave even during your use. Please follow the instructions of the staff on the premises.
7. If you notice a violation of manners, please inform the staff. We ask for your cooperation as the grounds are large and staff supervision may not reach all areas.

[Regarding the Use of the Pool]

1. The pool is open only in August, and the deepest part is 1.2m. There is no lifeguard, so please use it accompanied by a guardian or responsible person.

[Regarding the Use of Equipment]

1. Please use the equipment carefully, and promptly wash and return it after use.
2. Do not take rental items or on-site equipment outside the premises.

[Regarding the Consumption of Natural Items]

1. Consuming mushrooms, plants, or nuts growing naturally in and around the Park is at your own risk. Do not ask the staff about edibility or identification; the Park bears no responsibility.
